This is a paperback reprint of a book in a series first published in 1998. The series, which includes books on adoption, alcohol, disability, drugs, family break-up, death, and our environment, is useful for PSHE and Citizenship lessons and includes colourful (if rather staged) photographs. There is emphasis on the fact that bullying is never the victim's fault and on the importance of telling a trusted adult. Helpful notes for parents and teachers are included.
